

School preparations for the bushfire season

Each year, we undertake a range of activities to ensure the safety of our school and to prepare for bushfires and grassfires.

An important part of this process is communicating to parents what will happen when certain fire danger ratings are issued to help ensure the safety of students and staff.

Our school has been identified as being at risk of bushfire or grassfire and is a Category 3 school.

Our school will **close** on a day forecasted as **Catastrophic fire danger rating in the Central fire district**.

Closure of the school due to a Catastrophic fire danger rating will be enacted when the Bureau of Meteorology forecast, and related public safety messaging are confirmed. Due to uncertainties in the forecast, the timing of this confirmation may vary. Information regarding potential or confirmed Catastrophic fire danger days will be communicated to you by Sentral and SMS and our Website.

It is also important to be aware that:

No one will be on site on days where the school is closed due to a forecast Catastrophic day.
Out-

Action your family's bushfire survival plan if your own triggers are met. Our school community may be spread out across many areas and some families may be at higher risk than others. Your family's safety is critical, so please let us know if you are actioning your bushfire survival plan and if your children will be absent on these days.

If your child is old enough, talk to [them about bushfires](#) and your family's bushfire survival plan.

Families are encouraged to action their [Bushfire Survival Plan](#) on Catastrophic fire danger rating days in their district. The safest option is to leave the night before or early on the morning of the Catastrophic day. **On such days, children should never be left at home alone or in the care of older children.**
